USE PAPER STRAWS CONSERVATION ECOLOGY

It is true that paper straws would greatly decrease pollution, and would not do harm to environment due to the compostable characteristic of paper products. However, the popularization of paper straws is far from as easy as people imagine.

ISO 9001 No.17918Q11564ROS

A quality assurance system which is the foundation for the development and growth of companies.

BRC No.2135231

A management system. supports companies to drive social compliance and improvements within the factories and farms in their global supply chains

BSCI AuditID:107435

A management system. supports companies to drive social compliance and improvements within the factories and farms in their global supply chains

QS

The abbreviation "QS" of the "Qiyeshipin Shengchanxuke" of the "Enterprise Food Production License" is indicated by the Chinese character abbreviation QS (quality safety), which is different from the original English abbreviation QS (quality safety). It also has a different meaning from the quality standard ("quality standard").

FSC C128563

The Forest Stewardship Council (FSC) is an international non-profit, multi-stakeholder organization established in 1993 to promote responsible management of the world's forests. The FSC does this by setting standards on forest products, along with certifying and labeling them as eco-friendly.

FDA

The US Food and Drug Administration (FDA or USFDA) is the federal agency of the US Department of Health and Human Services and is one of the US federal executive agencies. The FDA is responsible for protecting and promoting public health by controlling and supervising food safety, tobacco products, dietary supplements, prescription and over-the-counter drugs (drugs), vaccines, biopharmaceuticals, blood transfusions, medical devices, and electromagnetic radiation.

EUTR

EUTR is an abbreviation of English European Union Timber Regulation. This is a mandatory regulation that came into effect in March 2013 and was implemented for operators and traders. This regulation is called: EU Timber Regulation No. 995/2010.

EN13432

Biodegradable bags are bags that are capable of being decomposed by bacteria or other living organisms. Every year approximately 500 billion to 1 trillion plastic bags are used worldwide.

*And os much more...

PAPER STRAW

- ✔ Eco friendly
- ✔ Biodegradable
- ✔ Made from renewable material
- ✔ 100% BPA Free

VS

PLASTIC STRAW

- ✗ Disrupts eco-system
- ✗ Not biodegradable
- ✗ Increases ocean toxicity
- ✗ Harms marine life

Plastic Straw Bans are spreading#

Starbucks plans to phase out plastic straws by 2020. McDonald's recently announced it will ban plastic straws at its U.K. and Ireland restaurants. Bon Appétit Management, a food service company with 1,000 U.S. locations,

PAPER STRAW

In just the U.S. alone, one estimate suggests 500 million straws are used every single day. One study published earlier this year estimated as many as 8.3 billion plastic straws pollute the world's beaches.
